

PINT OF SCIENCE INTERNATIONAL May 2015

A SCIENCE SHOWCASE ACROSS 8 COUNTRIES

Tickets available April 13th @ <http://pintofscience.com.au/adelaide/>

1. Practical solutions to the biodiversity crisis

Tues 19th May 7 – 9 pm @ **The Tuxedo Cat** 54 Hyde St Adelaide

Come along and meet the scientists who are making a difference to the planet we live on

Prof. Andy Lowe: illegal logging and forensic timber tracking technologies

Assoc. Prof. Lian Pin Koh: innovative drone technology for conservation

Assoc. Prof. Phil Cassey: mitigating human-induced biological invasions

2. From the hop to the drop: the science of brewing

Wed 20th May 6 – 9 pm @ **The Wheatsheaf Hotel** 39 George St Thebarton

Enjoy the ride while our expert speakers take you through the brewing process and the tasting experience of bespoke beers at an iconic Adelaide microbrewery

Dr. Peter Speck: a microbiological feast with barley, water, hops and yeast

Briony Liebich: some olfactory insights and the sensory delights of beer

Jeff Goodieson: beauty is in the eye of the beer holder, a brewers perspective
